WHEEL WATER TANK

Portable Toilets

Sturdy construction
Compact and lightweight
Long lasting construction

Flush pump(3 types)
Bellows Pump Piston Pump Electric Flush

Sturdy side latches
Heavy duty, corrosion-resistant
Lock firmly for added safety

Waste holding tank
Capacity: 10L, 12L, 15L, 20L, 22L
Multi-functions for different models

Level Indicator
tells you when to empty the holding tank. Green=Empty; Red = Full;

Vent Valve
release any pressure inside the holding tank by pressing the vent valve to avoid splash

Adult sized seat and lid
Sturdy and comfortable
Removable for easy cleaning

Flush nozzle(3 types)
Single Flush Double Flush T-type 3 Way Flush

Fresh water tank
Capacity: 12liter
One piece construction - 100% watertight

Empty opening(2 types)
Large discharge opening Rotating pour spout

Double sealed slide valve
Protects against leakage and odors

Icons: Home, Greenhouse, Camper, Bus, Boat, Trees, Wheelchair

Introduction of our 4 generation flush systems

Flush effect: ★ ★ ★ ★ ★ Models: PT Series
Models: XT Series

Portable Toilets - Classic Series

Worldwide patented products! The original and the best!

Item#: CHH-1010

1st Generation Flush system

12L
10L

Main Features:

- Bellows pump
- Single way flush nozzle
- Level indicator: **NO**
- Vent valve: **NO**
- Empty type: Large discharge opening

Item#: CHH-2010

2nd Generation Flush system

12L
10L

Main Features:

- Bellows pump
- Double way flush nozzles
- Level indicator: **NO**
- Vent valve: **NO**
- Empty type: Large discharge opening

Item#: CHH-1020

1st Generation Flush system

12L
20L

Main Features:

- Bellows pump
- Single way flush nozzle
- Level indicator: **NO**
- Vent valve: **NO**
- Empty type: Large discharge opening

Item#: CHH-2020

2nd Generation Flush system

12L
20L

Main Features:

- Bellows pump
- Double way flush nozzles
- Level indicator: **NO**
- Vent valve: **NO**
- Empty type: Large discharge opening

Portable Toilet Chemicals

Camp Green Most Powerful Holding Tank Deodorant!

Camp Rinse Efficient Detergent For Flush Tank!

Camp Green

Camp Green is a very powerful and easy-to-use sanitary additive for waste holding tank

- Suppresses unpleasant smells
- Reduces gas build-up
- Prevents deposits forming on the inside of the holding tank
- Helps break down waste substances
- Effective with average use for 3 to 4 days

Dosage:

Dose 150 ml per time into the waste holding tank and add 3 litres of water

Camp Rinse

Camp Rinse is a multi-purpose flush water additive. It enables a more effective flush and keeps the flush water clean.

- Keeps the flush water fresh and clean
- Ensures a more effective and smoother flush
- Leaves a protective layer in toilet bowl
- Pleasant scent, environmentally friendly
- Improves hygiene as faeces attach less easily

Dosage:

Dose 75 ml per time into the fresh water tank

500ML Model

- 500ml per each bottle
- 1 set includes 1 bottle of Camp Green and 1 bottle of Camp Rinse

Item#: CHH-690
